Any modifications of or deviations from these General Conditions must be agreed in writing.
2. These General Conditions shall apply in addition to and form part of the purchase order or agreement (the "Contract") in writing between the parties concerning supply of the Products and all appendices, including agreed amendments and additions in writing, to the said documents.
3. In case of conflicts between these General Conditions and other elements of the Contract, the other elements of the Contract shall prevail.

PRODUCT INFORMATION

4. All information and data contained in general product documentation shall be binding only to the extent that they are by reference in writing expressly included in the Contract.

IP, DRAWINGS AND TECHNICAL INFORMATION

5. The Supplier retains all right, title, and interest in and to (i) all inventions, ideas, processes, methods, know-how, skills and techniques embodied in or represented by the Products, specifications and materials provided by the Supplier to the Purchaser; and (ii) all inventions, ideas, processes, methods, know-how, skills and techniques developed, discovered, or conceived by the Supplier or its employees in connection with or used for the development and/or manufacture of the Products, including, but not limited to, patent rights, copyrights, trade secret rights, mask work, design rights, trademark rights and/or other proprietary rights throughout the world.

7. All drawings and technical documents relating to the Products, or its manufacture, submitted by one party to the other, prior or subsequent to the formation of the Contract, shall remain the property of the submitting party.
8. They may not, without the consent of the submitting party, otherwise be used, copied, reproduced, transmitted, or communicated to a third party.

DELIVERY. PASSING OF RISK

9. Any agreed trade term shall be construed in accordance with the INCOTERMS® in force at the formation of the Contract.

If no trade term has been specifically agreed, the delivery shall be Free Carrier (FCA) at the Supplier's premises.

If, in the case of delivery Free Carrier, the Supplier, at the request of the Purchaser, undertakes to arrange for the transportation of the Products to its destination at the Purchaser's cost, the risk will pass not later than when the Products are handed over to the first carrier.

Partial delivery shall be permitted to the extent practically possible and commercially reasonable.

The Products will be made available for delivery within the applicable lead time as communicated to the Purchaser.

TIME FOR DELIVERY. DELAY

10. If the parties, instead of specifying the date for delivery, have specified a period within which delivery shall take place, such period shall start to run as soon as the Contract is entered into and all agreed preconditions to be fulfilled by the Purchaser have been satisfied, e.g., official formalities, payments due at the formation of the Contract, securities, etc.
11. If delay in delivery is caused by any of the circumstances mentioned in Clause 39, by an act or omission on the part of the Purchaser,

including suspension under Clause 16, or any other circumstances attributable to the Purchaser, the Supplier shall be entitled to extend the time for delivery by a period which is necessary having regard to all the circumstances of the case. This provision shall apply regardless of whether the reason for the delay occurs before or after the agreed time for delivery.

12. If the Products are not delivered at the time for delivery, the Purchaser shall be entitled to compensation for documented direct loss from the date on which delivery should have taken place.

The Purchaser shall forfeit its right to such damages if the Purchaser has not lodged a claim in writing for such damages within one month after the time when delivery should have taken place.

INSPECTION OF GOODS ON ARRIVAL

13. The Products delivered shall be inspected immediately on arrival. The Supplier shall be notified in writing without undue delay and not later than five (5) days after the delivery has been received of any defect which is discovered through such inspection and for which a claim against the Supplier will be made.

PRICE AND PAYMENT

14. Unless otherwise stated specifically in the offer/quote/quotation or order confirmation all prices are quoted FCA (Incoterms 2020) the Supplier's premises and excluding packaging, VAT, turnover tax, customs duty, and other public charges. Payment, with reference to invoice number, shall be made by wire transfer to the bank account stated on the invoice within 30 days of the date of the invoice. The validity of any offer/quote/quotation is subject to satisfactory customer credit checks.
15. If the Purchaser fails to settle an invoice in due time, the Supplier shall be entitled to interest from the day on which payment was due and to compensation for recovery costs. The rate of interest shall be eight (8) percentage points above the rate of the main refinancing facility of the European Central Bank. The compensation for recovery costs shall be one (1) per cent of the amount for which interest for late payment becomes due.
16. In case of late payment and in case the Purchaser fails to give an agreed collateral by

the stipulated date the Supplier may, after having notified the Purchaser in writing, suspend its performance of the Contract until the Supplier receives payment or, where appropriate, until the Purchaser have provided the agreed collateral.

RETENTION OF TITLE

17. The Products shall remain the property of the Supplier until paid for in full.

The Purchaser shall at the request of the Supplier assist it in taking any measures necessary to protect the Supplier's title to the Products.

The retention of title shall not affect the passing of risk under Clause 9.

LIABILITY FOR DEFECTS

18. Pursuant to the provisions of Clauses 19-29, the Supplier shall remedy any defect or non-conformity (hereinafter termed Defect(s)) resulting from faulty workmanship.
19. The Supplier shall not be liable for Defects arising out of materials provided or a design stipulated or specified by the Purchaser.
20. The Supplier shall only be liable for Defects which appear under the conditions of operation provided for in the Contract and under proper use of the Products.
21. The Supplier shall not be liable for Defects caused by circumstances, which arise after the risk has passed to the Purchaser, e.g., Defects due to faulty maintenance, incorrect installation, or faulty repair, etc. by the Purchaser or to alterations carried out without the Supplier's consent in writing. The Supplier shall neither be liable for normal wear and tear nor for deterioration.
22. Unless otherwise stated specifically in the offer/quote/quotation or order confirmation, the Supplier's liability shall be limited to Defects which appear within one (1) year from delivery.
23. The Purchaser shall without undue delay notify the Supplier in writing of any Defect which appears and, in any event, no later than fourteen (14) days after the Purchaser knew of or should have known of the Defect. Such notice shall under no circumstances be given later than two (2) weeks after the expiry of the period given in Clause 22.

The notice shall contain a description of the Defect which is sufficiently specific for the Supplier to assess the Defect.

If the Purchaser fails to notify the Supplier in writing of a Defect within the time limits set forth in the first paragraph of this Clause, the Purchaser shall lose its right to have the Defect remedied.

Where the Defect is such that it may cause damage, the Purchaser shall immediately inform the Supplier in writing. The Purchaser shall bear the risk of damage to the Products resulting from its failure so to notify. The Purchaser shall take reasonable measures to minimize damage and shall in that respect comply with instructions of the Supplier.

24. Subject to Clause 22, on receipt of the notice under Clause 23 the Supplier shall at its own cost remedy the Defect without undue delay, as stipulated in Clauses 19-29. The time for remedial work shall be chosen in order not to interfere unnecessarily with the Purchaser's activities.
25. Unless otherwise agreed, the Purchaser shall bear any additional costs which the Supplier incurs for remedying the Defect caused by the Product being located in a place other than the destination stated at the formation of the Contract for the Supplier's delivery to the Purchaser or – if no destination has been stated – the place of delivery.
26. Defective parts which have been replaced shall be made available to the Supplier and shall become its property.
27. If the Purchaser has given such notice as mentioned in Clause 23 and no Defect is found for which the Supplier is liable, the Supplier shall be entitled to compensation for the actual costs it incurs as a result of the notice.
28. Where the Product has not been successfully repaired within reasonable time,
 - a) the Purchaser shall be entitled to a reduction of the purchase price in proportion to the reduced value of the defective Products, provided that under no circumstances shall such reduction exceed fifteen (15) per cent of the purchase price, or
 - b) where the Defect is so substantial as to significantly deprive the Purchaser of the benefit of the Contract as regards the Products or a substantial part of it, the Purchaser may terminate the Contract by notice in writing to the Supplier in respect of such part of the Products as cannot, in consequence of the Defect, be used as intended by the parties. The Purchaser

shall then be entitled to compensation for its direct loss, costs, and damages up to a maximum of fifteen (15) per cent of that part of the purchase price which is attributable to the part of the Products in respect of which the Contract is terminated.

29. Save as stipulated in Clauses 19-28 and Clause 30, the Supplier shall not be liable for Defects. This limitation of the Supplier's liability shall not apply if the Supplier has been guilty of gross negligence or willful misconduct.

The party claiming to be affected by Force Majeure shall notify the other party in writing without delay on the intervention and on the expected cessation of such circumstance. If Force Majeure prevents the Purchaser from fulfilling its obligations, the Purchaser shall compensate the Supplier for expenses incurred in securing and protecting the Products.
